Just left you a voice mail, advising you of the below EASILY OBTAINABLE report of Portugal AUTONOMOUSLY investigating Schneider, which is now, without question, in your very possession.

1910 Putty Hill Avenue is MY church too. It is actually more MY and MY family's church than yours - that particular building, those particular congregants. Not much nepotism in THAT particular building, obtained tax-free, of course.

All while being wolves in sheep's clothing. Tsk. Tsk.

Why did you assume in your email that my 'words' would 'become actions'? That is quite the assumption on your part, one that none of my words led you to. ESPECIALLY given our past relationship, given that you know me. We, the congregants, are the ones that never knew you. Very sad. But God is the King of Resilience.

WE are the church. His Kingdom is Within Us. We do not need liars and cheats to lead us down the road to hell, thank you very much.

If I was an illegal alien and didn't speak English, would that also have been your response? THIS response: 'you will be escorted out of church and not welcomed to attend services.' After 80 years or so here? My grandparents investments, my parents, just to name a few.

That does not sound like the Word of The Lord. Not. At. All.

The guilty always feel 'threatened'. I understand they now find it, and I quote, 'racist' to have to 'show all work' in math class now.

What do you think that is, exactly? Which part, I wonder? The 'Show', The 'All', or The 'Work'?

You should be ashamed of the way you have treated me.

I don't appreciate you classifying my illumination of information as you being 'threatened'. Nor do I appreciate you calling my mother, purporting to be her friend and MINISTER while your sins of omission are BLATANT. You've had every opportunity to tell the truth. You know it and God knows it.

WE are the church. Not the self-proclaimed 'President' Schneider. REALLY? President? Chief-Apostle? Yeah, I always get those two confused.

How hard did you look for this.....?, which was sent to Kolb January 12th, 2021. Global story, easily obtainable. Should I bring this with me on Palm Sunday? We should be sitting in a circle discussing this. As you see and know full-well, there is nothing threatening about the CONGREGATION discussing the truth. Now, I suppose, if, maybe, you are one of the corrupt, well, now, there's a horse of a whole different color there, 'my friend'.

Erin,

I have texted and called you with no result to speak with you about your claims of Schneider Electric and the connection to our Chief Apostle or church. When you sent the information I did what any servant would do and prayed over it and thoroughly investigated it myself. I found nothing to connect this other than the Electric Company is the same name as our Chief Apostle's last name. There is nothing to these claims and there is nothing to tell the congregation. This has nothing to do with our church, our leadership or our members. Please stand down.

I do not appreciate being threatened -- know you are welcome to attend our services but I need to tell you that if your words become actions you will be escorted out of church and not welcomed to attend services. Our congregation is a safe place of worship and a place where our members bring their concerns to the Lord in peace. I am asking you not to disrupt this peace. You do not know what some of our members are going through at this time where they want a connection to their God and don't need that taken away from them.

Michael
